# Trip

**Trip** is a clinical search engine designed to allow users to quickly and easily find and use high-quality research evidence to support their practice and/or care.

**The Pregnancy Book** provides information on many aspects of pregnancy and a list of useful organisations.

It is available to first time expectant mothers resident in Northern Ireland through primary care services (antenatal clinics, GPs or health visitors).

## Anatomy & Physiology Online

Anatomy & Physiology Online is an engaging and effective web-based interactive 3D anatomy resource for both teachers and students, with 20 interactive modules covering every body system with accurate and interactive 3D anatomy and media rich physiology content that brings this complex subject to life.

If you experience problems accessing the resource remotely [click here](#) for help.
